

THE FOLLOWING MESSAGE IS MEANT FOR ALL OF YOU WHO WISH PEACE
AND ESPECIALLY FOR ALL OF YOU WHO GO TO FIGHT WITH ARMS

War will make those passive who feel useless and those angry who feel the need to do something about it.
War will also give many the feeling of being unable to do something about suffering.

But let's not forget that:

A SOLDIER WHO ACCEPTS TO GO AND KILL – AND TO BE KILLED – IS AN IMPORTANT
LINK IN THE CHAIN OF EVENTS AROUND THE WORLD.

However, politicians, mass media and all citizens on our planet who long for peace, tend to have an "abstract"
feeling about war that will keep them from realizing the real responsibility of those soldiers, of those thousands
of men who accept to go to war, but who are in fact the only people with the real power to act.

A FREE MAN, EVEN A SOLDIER, WILL OBEY HIS OWN CONSCIENCE ONLY.
IN VIEW OF WORLD OPINION, NO HEAD OF STATE TODAY COULD NO LONGER CON-
DEMN DEMN HIM FOR THAT.

Armies still exist, because they are an integral part of man's subconscious. That is why man thinks fighting is
the only solution.

Getting rid of this idea would mean our evolving straight towards peace we so much long for.

However, it will take much time before all human beings feel the same gratitude and need for life.
But whatever time it takes is not more important than a wisp of straw in the universe.

The nascent state of mind of peace must however continue to speak out for each and every event happening on
our planet.

Martine Libertino

May this message go its way to meet all soldiers who are the only ones able to stop war.
Thank you for passing on this message.
