

AN APPEAL TO THE CITIZENS OF THE WORLD

Today we can change the course of history. Millions of people, in a fellowship of goodwill, would be willing to act if they did not feel a sense of impotence and failure in the face of the magnitude of earthly problems like war, famine and suffering. We could create an extraordinary "égrécore" on a planetary scale, capable of influencing the evolution of the planet. It is enough just to believe it.

"LET FRATERNITY, LOVE AND BEAUTY GOVERN OUR ACTIONS AND THOUGHTS. LET PEACE AND HAPPINESS BE ON EARTH, FOR US, TODAY AND TOMORROW, FOR OUR CHILDREN"

By reading these two sentences (which you see here), and by thinking about them intensely for one second a day, we can increase the possibility of success for all positive acts in the world. This text will be circulated in every country in the world thanks to your goodwill. We want Peace, fair shares and harmony for all. If you want the same things, sign this circular. It is intended to show those in charge of the world that millions of men, women and children of every race, creed and age have united to demand Peace. It will end its travels at the United Nations Organisation.

Let the Light illuminate its way.
